protocol

description

Protocol2 new protocol created for study Study2

Protocol3 new protocol created for study Study2

StudyProtocol [Protocol2]

Protocol2

Protocol: Protocol2

new protocol created for study Study2

name	Column	Context	Role	Type	Default	Unit
Compound	1	context0	subject	Compound		
IC50	2	context0	result	IC50		uM
Species	3	context0	condition	Species	Rat	
Receptor	4	context0	condition	Identifier	5-HT2A	
Concentration	5	Concentration	condition	Concentration		uM
CPM	6	Concentration	observation	Count		
Inhibition	7	Concentration	result	Inhibition		%

StudyProtocol [Protocol3]

Protocol3

Protocol: Protocol3

new protocol created for study Study2

name	Column	Context	Role	Type	Default	Unit
Compound	1	Compound	subject	Compound		
Compound Role	2	Compound	setting	Compound	Test	

Experiment [Experiment2]

Experiment2

Experiment: Experiment2

task	description	status
Task-78	Data Import from file	new
Task-77	This task is linked to external cvs file for import created called Experiment2-Task-77.csv	new
TaskbyWS	Task in experiment Experiment2	new
Task4	Task in experiment Experiment2	new
Task3	Task in experiment Experiment2	accepted
Task2	Second task ever	completed
